

2016/2017

CURRICULUM MATERIALS & MEDIA GUIDE

Adult Secondary Education
(HIGH SCHOOL PROGRAM)

Published by Lisa Diaz-Lopez -TSA

Division of Adult Education

This annually published curriculum guide lists the texts, media (software and videos), and support materials required for each course by both teachers and students in the Adult Secondary Education (ASE) program.

Students may purchase their textbooks or use a copy from the class set. **Class set copies are to be used in the classroom only.** Students may not take these textbooks home. Students purchase the course Study Guides from the school site office for the cost of duplicating.

Teacher ordering process:

- Teachers editions are available through the book clerk at each adult school office.
- Tests, test keys, class sets, software, and videos are available through Janell McCuiston at the Adult Resource Center located at 458 Moss St. (across the street from the Adult Division Office).
- Teachers should contact the Adult Resource Center with any questions concerning curriculum. E-mail is the most effective communication.

Note: Course Outlines can be accessed through the ASE website: SUHSDASE.WEEBLY.COM

Division of Adult Ed Office
